

## Non-dimmable LED Driver

### SAFETY INSTRUCTION AND WARNING

- Installation should only be conducted by a qualified electrician in accordance with NEC and any relevant local building codes.
- Risk of fire or electric shock. Fixture installation requires knowledge of luminaire electrical systems.
- Be certain electrical power is OFF before and during installation and maintenance.
- Make sure the supply voltage is the same as the rated luminaire fixture voltage,
- Wear gloves and safety glasses at all times.

## Installation

### Step 1.

Remove the caps on the drivers to be able to see the green color terminals.

### Step 2.

Insert the Black wire (Line) and White wire (Neutral) from the panel into the driver and secure the screw.

### Step 3.

Fasten the wires from the LED strip into the output.

### Step 4.

Fasten the caps on the driver

**Step 5.**  
Finished !
