

Octagon Box Kit

Safety Instruction and Warning

WARNING:

READ CAREFULLY BEFORE INSTALLING.

Installation should only be conducted by a qualified electrician in accordance with NEC and any relevant local building codes.

Risk of fire or electric shock. Fixture installation requires knowledge of luminaires electrical systems. If not qualified, do not attempt installation. Contact a qualified electrician.

Be certain electrical power is OFF before and during installation and maintenance.

Fixtures must be connected to a wiring system with an equipment-grounding conductor.

Make sure the supply voltage is the same as the rated luminaire Fixtures voltage.

Wear gloves and safety glasses at all times when removing luminaire from carton, installing, servicing or performing maintenance.

Installation Instruction

Step 1

Screw the Bracket bar into the desired junction box.

Octagon Box Kit

Step 2

Insert the Suspension Power Cable into the Gripper and take it to the Octagon box then splice it to the wires from power supplier.

Step 3

Put the 5" canopy on the Octagon box and screw the gripper into the bracket bar. (Push the tip of the gripper in as shown, then move the gripper up).
