

# SLC-037C

## Diffusion LED Channel

### Description

The Diffusion SLC-037C is an anodized aluminum LED extrusion closet rod that comes with a 1.25 mm thick opal polycarbonate lens for zero dotting.

*Note: The weight limit is dependent on what the end caps are being mounted to.*

*-The closet rod on its own can handle 50kg/ft.*

*-End fitting and center support are sold separately.*

*-Powder coating can add up to 0.5 mm to the channel's width*

### Application

- Closets
- Suspended fixture - with modified components
