

SLC-065R Recessed Mount Aluminum Channel

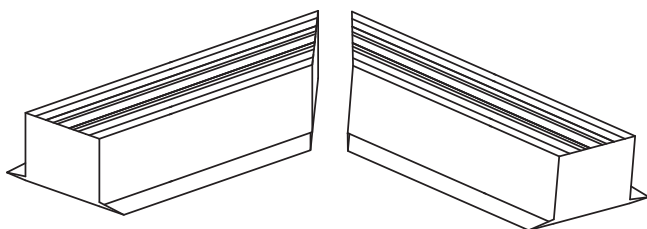

SAFETY INSTRUCTION AND WARNING

- Installation should only be conducted by a qualified electrician in accordance with NEC and any relevant local building codes.
- Risk of fire or electric shock. Fixture installation requires knowledge of luminaires electrical systems.
- Be certain electrical power is OFF before and during installation and maintenance.
- Make sure the supply voltage is the same as the rated luminaire fixture voltage,
- Wear gloves and safety glasses at all times.

Installation (90 Degree Joiner)

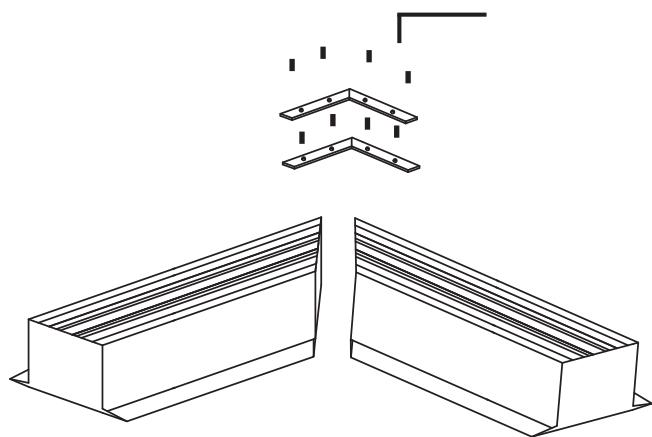

1

Step 1.

Put the lenses on fixtures and cut one side of fixture in 45 degree.
Make sure to clean up the edges after cutting.

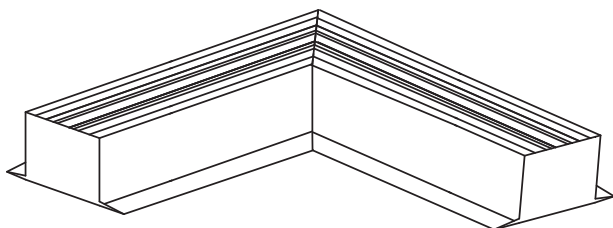

2

Step 2.

Use two pieces of 90 degree joiner, insert one side of joiner into the groove on back of the fixture. Use provided Allen wrench and screw the joiner to the fixture.
After fastening two joiners on one side of the fixture, do the same things for the other side.
